De Alba's 15 Minutes of Fame

by Phyl Knoll

TORRANCE—I've known Bob De Alba for ages and ages and when he agreed to join our Roaring 90's Doubles League at AMF Bowl-O-Drome a couple of seasons ago, I was delighted. For as long as I have known Bob, he has been a very competitive bowler. He knows the game; he knows the equipment and he knows how to read the lanes in any center he bowls.

This 60 year old gentleman has averaged a deuce or more for the most part of his career

and never fails to get in several games of practice each week. As expected, he has had the excitement of scoring 299's and 300's in practice, however, he has never been able to satisfy his hunger for that "300". in certified league or tournament play. Not until March 13, 2008, when Bob scored 300-208-174 for a 682 series. He was estatic.

When I interviewed Bob, he firstly remarked, "I thank God for giving me the ability at the

Unhampered!

SAN DIEGO—Poway Bowl was the host center for the NABI tournament over the weekend, & new member, Rob Hamp, found conditions perfect for his game. He qualified in the middle of the pack, but was outstanding in the semifinals, earning the #1 seed. Rob admitted Poway is his favorite house, and enjoys bowling & practicing there regularly. He is a talented young bowler that will improve every year. Congratulations on a great performance!

Joining Rob in the stepladder finals were Marcos Rodriguez, Anthony Damian, Alan Grobmeier & Jason Taylor.

In perpetual pot action, the \$100 in the 3-6-9 was shared by Randi Diato & Tony Nunez, & \$50 guaranteed sidepots were collected by Chuck Gross (2), Tom Cooper, Tom Brophy, Scott Duncan, Phil Horn, Jonny Long, Taylor & Hamp.

N.A.B.I. Champ Rob Hamp

The third Ebonite ball raffle winner was Cat Cacciatore, so she will also be in the one game roll-off to determine the San Diego representative in the semi finals of the Ebonite Challenge Tournament during NABI Week in Las Vegas this July.

Finishing in a tie for 6th place were Marissa deLuna & Jonny Long, so both received certificates for a complete ball rejuvenation & resurfacing from NABI sponsor Bowlers Depot.

This was the first time in many years that NABI has held a tournament at Poway Bowl, & Milt & his staff were exceptionally gracious & made us feel right at home. We are looking forward to adding this center to our regular rotation. Thanks Poway Staff!

The next NABI tournament is at Sea & Air Lanes on North Island on May 10th. Check our ad in the Bowling News for details & squad times.

See you at Sea & Air on the 10th we'll save a cookie for you!!

Barnes Clinches Second USBC Queens Title

Lynda Barnes of Double Oak, Texas, won her second USBC Queens title Wednesday at Skore Lanes in Taylor, Michigan
Photo by Bill Pugliano/Getty Images

TAYLOR, Mich—Her husband may be one of the best bowlers in the world, but Lynda Barnes of Double Oak, Texas, proved she's not so bad herself Wednesday as she won the 2008 United States Bowling Congress Queens.

Barnes, whose husband is PBA Player of the Year Chris Barnes, delivered three perfect strikes in the final frame en route to defeating Amy Stolz of Castle Rock, Colo., 215-195 at Skore Lanes to win the biggest and most prestigious title in women's bowling.

"Stepping up in the 10th frame in that situation is every athlete's dream," said Barnes, who also won the Queens in 1998. "When I looked up there and knew I needed all three strikes just to give me a chance, I knew I'd already done it a thousand times in my head and I just needed to get out of my own way."

Barnes entered the championship round as the top seed and survived seven consecutive

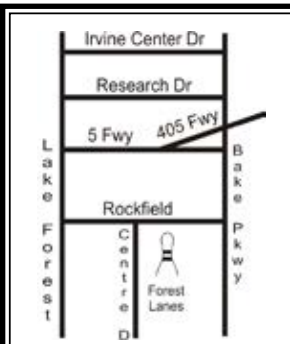

matches without a loss to claim the title. She rebounded from a 2-4-10 split in the sixth frame and struck on five of her next six shots to win the title.

"This is a tough tournament, and I've been very fortunate because it takes the luck of the draw and bowling the right people at the right time," Barnes said. "I feel lucky to even have made it to this position."

While Barnes was competing in the championship match, her husband was calling the action for the live telecast on ESPN2, creating a unique situation for Barnes.

"I could hear him throughout the show, and I could hear some of his comments," said Barnes, the mother of 5-year-old twin boys, Ryan and Troy. "It was actually reassuring for me because I could hear him and it let me know I was doing the right things. Plus, I had the picture of my kids on the table, so between the two it really kept me focused."

How Today's Dried Out Lane Conditions Differ From Those Of The Past Dry Lane Scoring Strategies Modernized

The Reverse (Or Inverted Crown) Oil Pattern

Most bowlers are familiar with the common "Crown" or "Top Hat" oil pattern (oily middle, drier near the channels) encountered in virtually all of today's bowling centers. It is normally referred to as a "House" condition and is primarily designed to support higher scoring by helping keep missed hook shots out of the channel.

Well, a "Reverse" or "Inverted" lane condition is exactly what its name implies, the exact opposite of the above. In other words, a dried out middle, with either an oily or dry outside, depending on previous lane play or possibly, a different than the usual "House" oil pattern having been applied in the first place. Whatever the reason, such "Sahara Desert" type conditions do occur...and often wreak havoc with scores.

But fear not. There are answers, which we'll discuss here.

But First, An Explanation

Many of today's bowlers, interested in improving beyond social bowler status, seek a more challenging environment. They enter the currently available leagues and tournaments featuring various "Sport" conditions, as well as several PBA and USBC National Tournament conditions in current use. If you're one of those, you know who you are and you know beforehand that encountering those conditions will initially result in lower scores. Why? Because such conditions, in addition to usually featuring more oil overall, are often oily all the way out to the channels. That sometimes results in gutter balls or at least light hits, with buckets often left standing.

The reason for going into this is important. Simply put, it's because as stated above, a lane will dry out differently depending not only on ball traffic, but also on how it was oiled to begin with. Keep in mind that modern lane machines, with their on board computers, are capable of applying any of 7 or more oil patterns.

1. The Usual House Shot Breakdown

So let's visualize how such lanes have to be played when they have broken down (dried out) due to lane play in an original house shot pattern.

First, since the outside area of the lane (usually from the 8 or 9 board outward) has less oil to begin with, most ball traffic will tend to gradually migrate from the second arrow (10 board) inward. So as play progresses, that drying out process simply continues, until the dry area has increased and moved closer and closer to the center of the lane.

In a normal three game league, you'll notice that both foot and target (mark) adjustments (toward the inside) become necessary, usually starting in the early part of game two. So by the end of league play, your adjustments will have gone several boards.

In tournaments, however, where 8 or more games are often played, the lane breakdown area grows and moves so far toward the center, that any hope of good scoring often involves standing deep inside...and...shooting toward a target somewhere between the 15 and 20 boards (third and fourth arrows). Diagram 1 shows a common line used by successful bowlers after such adjustments have been made. See Illustration 1.

At this point it's important to mention that additional changes may become necessary. Such things as switching to longer running balls, increasing ball speed, weaker hand releases etc. can make a big difference.

Left handed bowlers will obviously still have some oil on their side of the lane, therefore demanding less adjustments. But be careful you southpaws...I've seen teams of half or more left handers leaving too many splits to even have a chance to win, by adjusting too little and too late. So the more of you on the lane, the more adjusting will be necessary.

2. The Flooded Lane Breakdown

As mentioned above, those gutter to gutter oil patterns, such as certain Sport, USBC Nationals and some PBA patterns, are more difficult to score on overall. Beyond that, however, you cannot count on such lanes to break down as gradually and consistently as they do in a house shot. Worse yet, depending on which part of the lane sees the most ball traffic, you may not even be certain that the lanes will break down from the outside toward the center.

Put together, all those variations make it even tougher than many bowlers realize.

I'm assuming that you wouldn't be reading this unless you're interested in improving to the point where no lane condition can fool you. So I'm also assuming that beyond improving your overall execution and shot techniques, you realize that whichever lane condition you face when you first start to bowl, it will also break down differently depending on which of the 7 oil patterns was laid down in the first place that day.

Why do I bring this up? Because adjusting, sometimes just your feet, sometimes both feet and target (mark) is the first way to keep up with gradually drying lanes. It is important to keep in mind that once the lanes begin to break down, they will never stop breaking down! This means that with every strike shot you throw...in every frame...the condition will have changed. Maybe not much, but usually enough to cause high hits, resulting in either pocket splits or those dreaded "through the nose", unmakeable splits...unless you adjust.

So...it is absolutely critical that you plan every next frame ahead of time, then pay close attention to what your ball is doing as a result of that plan. It's the only way to be sure what to do with that next shot.

Now...if this process seems to require too much concentration, relax. Remember that this is fun! You'll get a lot of satisfaction from seeing your adjustments work out. Keep in mind that every shot you ever throw is an experiment anyway; if it was a bad shot,

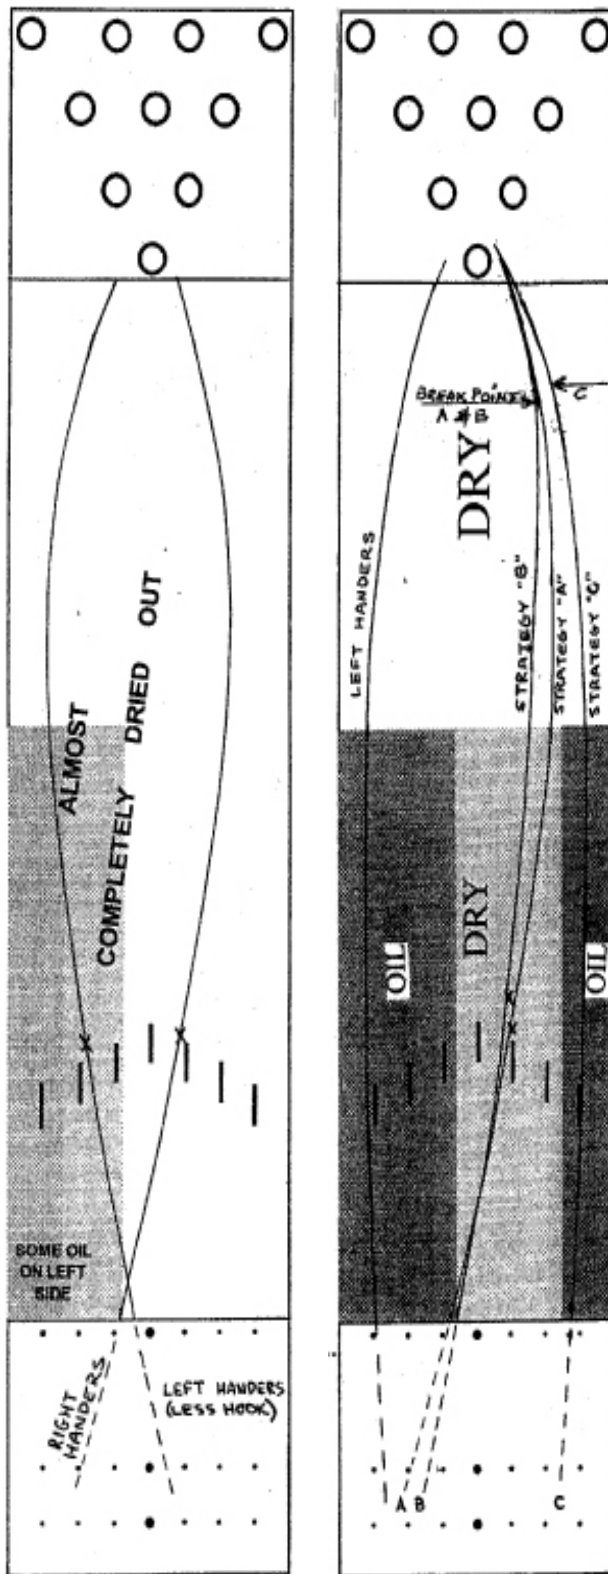

Illustration 1

Illustration 2

think of it as an experiment to improve. If it was a good shot, it's an experiment to see if your next one can be as good.

Because, as stated above, the lanes break down differently in the "heavy oil" patterns we're talking about, your next step is to choose from the possible lines (some shown in illustration 2).

See Illustration 2.

Notice that in this situation there is still a bit of oil on the outside lane areas, with the middle portion dried out. So here, the right handers' line is more a matter of choice, somewhat as shown:

Strategy A - The Deep Inside "Swing" Shot. Stand left and select a target (mark) somewhere at or inside the 3rd arrow. This allows the shot angle to be great enough to allow room for the hook without the ball going too high at the pocket. Then fine tune your adjustments as needed for the flush pocket hit.

Strategy B - The Inside "Rocket to the pocket" shot. Still standing inside, but not quite as deep as in A, increase your ball speed to cut down some on gross hook. This shot should assist with accuracy, as well as helping avoid too many split possibilities. Here it becomes important to avoid muscling the shot. Instead, gain desired ball speed by utilizing an "over the bar" pushaway, to allow a free armswing to do the job.

Strategy C - The Outside "Down and In" shot. This shot (which many right handed bowlers fear due to that outside oil) utilizes a 3, 4 or 5 board shot. This keeps the ball from hooking until it gets farther down lane into the break point area, thus helping avoid coming into the pocket behind the head pin. This shot requires fearlessness and accuracy, but is worth it once developed.

A Note to left handers

In this type of oil pattern, your side will usually dry out less, so your shot won't change as much as the right side. However, pay close attention to the left-center of the lane. If that area begins to make your ball over-hook, avoid the strategy of adjusting right to try a more inside shot. That's because as your ball travels outward down lane, all that outside oil won't let the ball come back to the pocket.

In such a case, therefore, your best bet is to actually move your entire line outward rather than inward, thus creating more of a "down and in" shot, with which you're usually more comfortable anyway.

A Possible Danger To High Revvers

You must watch out for dry heads developing in this type of condition. So your critical strategy is to be sure to match your ball speed to your revs. High revving balls are not...repeat, not...the answer to everything. Any over-revving ball will "run away" from you and never recover.

Any attempt to put lift on the ball is also doomed to failure. Why? Because when that lofted, high revving missile bangs down onto the lane surface, its side rotation will usually make it jump just enough sideways to destroy the accuracy of your shot and any hope of good scoring.

Big Savings with Marathon Entries

LAS VEGAS—The 2008 Mini-Eliminator Summer Classic at Texas Station in Las Vegas will be held June 30 through July 6. For the first time in the Mini's 18 year history "marathon entries" will be available. Bowlers can now save over \$600 by purchasing one of two marathon entry packages.

The "Mini" Marathon entry package includes a Columbia 300 performance ball (\$225 value) your original entry (\$250 value) and two re-entries (\$320 value). Total value for the Mini Marathon entry is \$795 but your cost is only \$495...a \$300 savings!

The "Super" Marathon entry package includes TWO COLUMBIA 300 BALLS (\$450 value), a high-end triple roller bag (\$189.95), your original entry (\$250 value), two re-entries (\$320 value), and a Columbia 300 Shootout entry (\$200 value.) Total value: \$1,410 but your cost is only \$745...a savings of \$665! Making the super marathon package even more attractive is all of your re-entries for the event, after you use up your original 3 marathon entries, are only \$99.

The Marathon entries will NOT affect the amazing 1 in 8 cut to the finals each squad (minimum \$500). All marathon entries count as a full entry when determining each squad's cut score. At the TAT their marathon entries count only as a partial entry thus making their cuts to the finals as high as 1 in 20+ bowlers! Getting a good deal shouldn't hurt bowlers!

Marathon entries can be purchased at any time including on-site at Texas Station but are not refundable once you bowl a squad or pick up your new equipment. Marathon entry packages cannot be combined with any other special promotions or coupons the Mini-Eliminator is offering. Only one marathon entry package per person is permitted. The balls offered in the marathon packages replace the Shootout and 4th entry ball bonuses.

The Mini-Eliminator Summer Classic is a three game scratch qualifying tournament with a "beat-half-the-field" in your division finals. All prizes are guaranteed including \$20,000-1st. The tournament will feature 4 main divisions; 35 and under (amateur only), 36 to 49 (amateur only), 50+ (non-title holders) and a 205 and under division (amateur only.) IMPORTANT DATE CHANGE FOR SENIOR THANKSGIVING CLASSICS

LAS VEGAS—If you attended High Roller's Senior April Classics recently, you might have been asked for your opinion about the date change for the upcoming Thanksgiving Classics.

Many who weren't there have also sent us their feelings about moving the 15 year old event to the 1st week of December. And although there were players who favored the date change, a huge majority were against it, basically citing the same reasons.

Sam's Town agrees! So after meeting with management this past week, we are happy to report that we will stage the 2008 November Senior Classics on the same days that we have since 1993! So with Thanksgiving on November 27, mark your calendar for Sunday to Sunday, November 23 to 30!

We apologize for making this change as some might have already made plans but we know that this is better for the greater majority of players who would like to attend. And with the event 7 months away, we hope it is not an inconvenience for anyone.

More news - we will also be back on our normal Easter dates in 2009, Sunday to Easter Sunday, April 5 - 12. Since the USBC will be in Las Vegas next year, we are looking forward to a huge turnout!

Host Sam's Town Hotel, Gambling Hall & Bowling Center offers the best rates in town! Call them toll free 1-877-593-5993.

Roto Grip High Performance Bowling Equipment is the presenting sponsor of the entire Senior Classic series! See their line at www.rotogrip.com.

Troy Sucatre Wins First ABT Championship at Cal Bowl

LAKEWOOD—Troy Sucatre won his first Amateur Bowlers Tour (ABT) championship at Cal Bowl on Saturday, May 3, 2008 during our one-day 4-game Beat-the-Board tournament. Troy bowled in our 6PM squad and shot games of 288, 243, 276 and 208 with handicap for a series total of 1015 and the \$820 1st place prize plus \$800 from the Progressive Pot. Ed Abarca of Imperial Beach came in second shooting a 1012 handicap series for \$410. Randi Diato from Escondido came in third shooting a 1009 handicap series and received \$205.

Our newest champion, Troy Sucatre has been bowling for about 35 years. Troy has been the ABT League secretary for many years. Troy sports a high game of 279 and 690 series. Troy was using a Storm Fired-Up drilled by Patsy at the Pro Shop inside Tustin Lanes. Troy wanted to thank Arnie Schroeder and Stan Takeuchi for helping him with his game. He also wanted to thank Arnie Schroeder and Paul Varela for their encouragement and support during the tournament. Troy wanted to thank ABT for the free entry from the ABT League 50/50 draw. This was Troy's first ABT championship and he wanted to dedicate it to his wife, Nora, who passed away in December, but continues to be his inspiration. Troy also stated that he can now join his daughter when tournament champions are announced at tournaments. Troy also wanted to thank Cal Bowl for hosting the tournament and ABT Orange County staff and directors for running an outstanding tournament.

We held our monthly SBT this weekend. There were 17 entries, with Greg Jackson shooting a fine 963 series and will receive a check for \$500. Ed Abarca came in second shooting a 920 series and will receive \$200 and Jim Hall came in third shooting a 911 series and will receive \$150.

Ed Abarca was the winner of the optional Senior Sweeper with a 1012 handicap series, receiving a check for \$75. Adam Drozd came in second with a 918 series and will receive \$30. Dodie Sajonas came in third with a 910 series and will receive a check for \$25.

The Mystery Game Pot game and score were drawn after our final squad. Game #2 was the game drawn. The first chance score of 104 (possibly good for \$300) was drawn. Our second chance score (possibly good for \$150) was 143. The third chance score (possibly good for \$75) was 298. There were no winners. The Mystery Pot is available to all members (Classic and Masters) and only costs \$5.

The ABT staff and membership would like to thank the management and staff at Cal Bowl for hosting our tournament. Our next scheduled event will be May 10, 2008 at AMF Carter Lanes. by Nice and Sweet

STUDIO CITY — We are closing up shop for the Winter '07-08 season and we are encouraging everyone to acknowledge it by showing up for their league photos. As league bowlers it is nice to remember how and with whom you spent the past 30 weeks bowling with. Our very own "Robert Capa" (Ilo it up); John Boyle, is the in house professional snapping all the shots. Reclaim your favorite sport with a terrific snapshot.

PINZ ADULTS

You are all picture perfect in our eyes. Usually the strikes are not instamatic but encapsulating shots. Yet, no pushups are required to look good for these pictures. Yet, all you need is a smile and your team to present to everyone what bowling is all about. Take a screenshot at these photogenic scores:

Twilighters: Ron Koblin 244/670, Dan Coffelt 237/628, Scott Brutz 246/626, Robert Adelman 626, Dane Price 625, Carol Gerard 235/563, Lorill Clement 200/537, Marley Sims 508, Al Weinstein 244, John Pagonos 243.

Sweetness Quote of the Week: "You don't take a photograph. You ask, quietly, to borrow it". - Unknown. Remember to ask on site "Ansel Boyle" to do so.

age of 60 to bowl this certified "300" game; and expressed his love for his significant other, Geri Curtis for her support and inspiration. He said he owes so much gratitude to Rusty Bryant, owner of "The Pro Zone" located inside Mission Hills Bowl, for drilling his Morich Awesome Hook and to Carl Kurtz for all his help and advise in his equipment changes.. "These guys are great"! Bob says he never has forgotten how appreciative he is to Andy Marzich who taught him the fundamentals so-o-o many years ago at Pro 300 Bowl in San Pedro. "Thanks Andy, your lessons stuck and were applied." Bob also said, "I would be remiss if I didn't thank Ron Peter, Manager of AMF Bowl-O-Drome for laying out the shot. Bob's final remarks was to say that "This "300" game is dedicated to the memory of my good friend, Todd Johnson who passed away earlier this year, for he was with me in spirit on March 13th".

Bob chose to receive from USBC the Gold "300" Watch, the presentation of which was made during the league's Sweeps Day Pot Luck Luncheon.

CONGRATULATIONS BOB, YOU EARNED IT!

Inspiration At It's Best!

by Rob Hartley - Coach
NORWALK—Maria Luisa Cuellar, is 40 years old and was born with some challenges. She is on our special needs bowling league at Keystone Lanes. During her life she has been around a family of bowlers and especially her Grandfather, Danny Canas. Her Grandfather is still one of our senior bowlers and enjoys the sport as much as he did when he was young.

So Maria, wasn't very happy when at least eight out of ten balls she threw ending up in the channel. The result was discouragement and it didn't take long before she was thinking about quitting. So her parents decided to get some lessons for Maria and what a difference it has made.

The last couple of weeks have proven this by her scores of 60's, 70's and even a couple of 90's! In addition Maria has converted a few splits and even had a turkey! Maria is an example of what a person can do even when they may have a few challenges. Maria has definitely risen to the challenge!

Maria Luisa Cuellar

We need to take a look at our Special Need Athletes and thank them for their enthusiasm, love of the sport and attitudes of never giving up. The next time you have a tough day bowling think about how great it is to have those around who inspire and motivate to love this sport of bowling!

Every Wednesday, Maria walks in with a smile and delightful stride to practice along with her coach! Her parents sit patiently and smile just to see what a difference Maria has made in her score, her ability to learn basic spot bowling, and to learn to concept that winners never quit!

Maria truly is one of those bowlers that inspire all to do our best, but knowing that even with a challenge or two, we can all become winners in bowling!

BARNES
continued from page 1

After Barnes stepped up in the final frame and delivered three strikes, Stolz had an opportunity to tie the match if she could match with a three-bagger of her own. But on her first shot, she left the 2-5 spare to finish second.

"I just wanted to step up and throw a good shot," Stolz said. "Usually I'm great under pressure and I didn't throw a bad shot, it just didn't quite make it to the pocket. It felt really good off my hand, but it just hung out there a bit."

On the way to the title match, Stolz took out Australian Carol Gianotti, 217-179, and then defeated second seed Liz Johnson of Cheektowaga, N.Y., 234-232, in the semifinal. Gianotti defeated Joy Esterson of Annapolis, Md., 237-222 in the opening match.

Barnes took home \$30,000 for first place in addition to

the Queens tiara, pendant and crystal trophy. Stolz earned \$18,000 for second.

The USBC Queens, which is presented by Eldorado, Silver Legacy and Circus Circus, featured a field of 337 of the top female bowlers in the world competing for a total prize fund of \$200,000.

National Deaf Bowling News Deaf Team USA Tryouts at Colorado Springs June 13-15

by Connie Marchione

COLORADO SPRINGS—Ed Abakumoff, the Bowling Ad Hoc Chairman for United States Deaf Sports Federation issued a flyer officially announcing the site and dates of bowling tryouts for the Deaf Team USA. The site is Harmony Bowl in Colorado Springs and dates are Friday, Saturday and Sunday June 13, 14 and 15, 2008. All games are to start at 9 AM for all day each day.

Abakumoff said there are several hotels and motels within 5 miles of Harmony Bowl and make your own reservations. You must be deaf or have hearing impairment loss of at least 55dB in both ears. (You will not use your hearing aids during this tournament.) You must be U.S. citizen and have a current valid passport or be able to get one fast (before March 2009) if you make the team.

Entrants must be USBC member and men should have 185 or better and women 170 or better. Entrants also must be a member of USA Deaf Sports Federation (USADSF). USADSF membership (\$5.00) forms can be downloaded from usdeafsports.org.

The Tryout purpose is to field the best 6 men and 6 women for the Team USA to represent US in the 2009 Deaflympics held in Taipei, Taiwan from September 5 to 15, 2009. The Tryout format (40 games) is similar to the bowling events held in the Deaflympics.

The Tryout entry fee is \$80.00 (money-order or cashier check) to be mailed to Ed Abakumoff, 19494 Mt. Wasatch Dr. Riverside, CA 92508 with a copy of your current USBC card. The deadline is June 1 to set up the schedule but walk-ins will be considered.

This flyer can be downloaded by entering 2009 Deaflympic tryout flyer.doc or email to Abakumoff@aol.com and ask for one.

ROBERT ELLISON ROLLS 878 SERIES AT PARKWAY BOWL

SAN DIEGO—News was passed to me that Deaf Team USA member Robert Ellison tossed games of 289-300-289 for a tremendous 878 series at Parkway Bowl in San Diego.. He had a 7 in first game and 10 pin in 3rd game after 10 strikes. Two pins stopped him from a perfect 900.

I will get more information to tell more about it when I come back from the USBC Convention in Kansas City. There I will take part in the Hall of Fame Ceremony and watch the Clash of Champions being televised by CBS Sports. The bowling battle will be shown on your CBS channel on Saturday and Sunday May 10 and 11. May 10 at 5 PM Eastern Time and May 11 at 4 PM Eastern Time (check you TV guide for time zone. I will also attend the delegate meetings and watch them vote on the new rules proposals.

In the Junior Adult Scratch Doubles, Matt Nickeson and E.J. Rogers ralled to four wins. Andrew Stewart and Stacy Rider came away with three wins making the two teams tied for first place going into the final position round next week. Matt Nickeson bowled very consistent games all above the 200 mark with 203-226-204 for a nice 633 series. E.J. Rogers ramed 190-269-235 for a great 694. Aaron Wilson started off slow but bowled an awesome 246 in game two for a 609 series. Stacy Rider rolled 222-223-247 for a 692 series. Although there were lots of great scores in the Saturday Linbrook Juniors, the highlight of the day would have to be Mark McLeod rolling 10 straight strikes before being stopped by a stubborn, wiggling 7 pin for a great 289 game. Mark had three great games of 223-289-199 for a sizzling 711 series. For the girls, Valerie Matsumoto mixed the pins for 183-222-206 adding up to a 611 series.
