Santos Does It Again At Gable House

by Chris Graves

TORRANCE—Welcome once again to the junior roundup from Gable House Bowl. We hope you all had a great Thanksgiving holiday and are looking forward to the upcoming holiday season. Let’s get to this week’s scores.

As promised last week, we kick off this week’s article with our annual Youth Thanksgiving Scholarship Tournament. A field of 13 bowlers took to the lanes for the first qualifying round. High scores came from Scott Santos with the tournament high game 278-204, Brandon Mullikin 225, Andrew Fontenot 215-209, and Matt Simon 209. After the first three games, Scott Santos pulled down the top seed with a 639 scratch/693 handicap series. Amanda McInerney qualified second with 555/690. Kayleigh Gates the third qualifier with 515/689. The fourth and final qualifier was Brandon “Don’t call me ‘Mulligan’” Mullikin at 569/683. They were followed by Eric Diffoot, Talia Asato, Matt Simon, Cassy Eicher, Andrew Fontenot, Tim Eich, David Williams, Daniel Simon, and Eddie Sayles.

The first match in the step-ladder finals featured third-seeded Kayleigh Gates, coming off tying for first place at the Memorial Day Tournament, taking on number-four seed Brandon Mullikin, coming off his boys’ division win at the WWPB Mission Hills Open Junior Pro-Am. Both bowlers wanted to show their recent success was no fluke, but it was Brandon who came out swinging and looking for the early knockout as he started the match with the first seven strikes. Kayleigh managed a turkey in frames 5-7 and the first two strikes in the tenth frame, but Brandon’s turkey in the tenth would seal the match by a final score of 257/295-183-241.

Action shifted from lanes 1-2 to 3-4 for our semifinal match pitting Brandon against number-two seed Amanda McInerney. Mullikin again tried for a fast start with a double before opening three times over the next four frames. McInerney had similar problems, opening the match with two splits over her first four frames. Amanda was never able to get out of the gate, and a double in the ninth and tenth frames would be enough to punch Brandon’s ticket to the finals by a score of 169/207-140/185.

The final match went back to lanes 1-2 as Mullikin faced off with top seed Scott Santos. The shot moved around just a bit as Brandon alternated spares and strikes for the first five frames before opening in the sixth. Santos started off with a spare before firing a turkey to take an early lead. Mullikin never reclaimed his first match dominance as he opened three times over the final five frames. Despite a gutter ball-nine count in the fifth frame, Scott came back with four strikes in the final five frames to win the match and the tournament by a final score of 216/234-164/202. Congratulations Scott on yet another title!

BURBANK—Here we are, approaching the winter holiday so it's a good time to remind you to make your list of wants a needs from the Pickwick Pro Shop. Order those new balls early and review the state of your equipment. Maybe there is a hot new pair of shoes just waiting for you. Those ones with the flames on them sure do look intimidating to the opponent! Or are you one of those shiny silver and gold kind of persons? Check it out. Give Roger a call or drop in soon.

Given the Thanksgiving holiday, many leagues took byes and left the high scores to a minimum of die hard bowlers. Let's give them their due.

Senior Swingers reported great scratch scores from Victor Hanson 215, Dick Bay 214, Larry Mc Donald 570, Steve Torok 546, Seiki Tluczek 193, Marcy Keables 472, Pauline Long 191 and Martha Luetje 469. Handicap high fives go to Tony Keavey 634, Mary Corrington 251, June Dominguez 665 and Ivy Miller 250/672.

Monday 860 showed promise with scratch scores from John Mackenzie 279/683, Rick Stouffer 278/683, Glenda Nale 216/552 and Pearl Nale 209/604. Handicap honors go to Mary Jo Stouffer 266, Ann Robinson 260 and Diane Tait 730.

Always shining brightly, **Robby's** scratch reported scores from Mike Cross 267/722, Ubuild Lenon 258, Wayne Miller 256, Shawn Isaacs 691 and AngeloDixon 668.

Telco wasn't left behind with scratch scores from Jim Shupe 237/647, Steve Wathen 235, Curtis Litzenberger 617, Melanie Gamgene 222, Karen Caldwell 197/537 and Colleen Simpson 508. Handicap highs went to Bill Couch & Frank Grosso both 698, and Norma Noxon 262/712.

Sunday Vegas hits the high road with scratch scores from Mike Cross 257/689, Kevin Banks 246, Rickey Jeffery 675, Mandy Hamel 210/574 and Cheryl Mc Donald 207/548.

That does it for now. Have a great week and keep the ball rolling!

Instruction to Help Raise Your Scores

USING BREAK POINT TECHNIQUES TO INCREASE YOUR SCORES

The July, 1996 issue of BOWLING THIS MONTH magazine carried an article entitled, “MANAGE YOUR BREAK POINT”. It was so popular that requests for back issues emptied the shelves. You’d think every better bowler alive would learn break point techniques to increase strike percentages, wouldn’t you?

Well, *you’d be wrong!*

While it is true that many professionals do use break point targeting as a valuable tactic, it seems that even the better amateur tournament bowlers who employ it are in the minority. Among mid range bowlers it seems to be almost non-existent, while those below 150 have never even heard of it.

Why? Shouldn’t any tool to help scores be welcomed by all? That’s exactly what break point bowling does, no matter what the lane conditions are.

But what is the break point?

Well, it is defined as the point down lane where an already hooking ball begins to actually “break” toward the pocket. So, if you watch the ball’s travel down lane, you’ll see just where that point is. The reason so few bowlers know about it, is because the normal “house condition” hides many of a bowler’s mistakes. So league bowlers have little reason to change.

But anybody who wants maximum improvement, will need to learn to bowl on tough lane conditions...and break point bowling is a huge scoring aid in such conditions!

But...what many house league bowlers don’t realize, is that break point targeting is not just a tactic to help overcome difficult lane conditions; it also helps raise averages for those who use it in today’s high scoring conditions. So it’s a win-win situation for all!

A QUICK BACKGROUND

I have been teaching break point techniques since the early 1980’s, but never knew whose idea it was. It was taught to me by a pro, who used it successfully. It has been helping bowlers ever since, although at first I had to overcome the resistance of many who didn’t think such a thing would work. Later, I learned that long time coach Sam Baca was the originator of the break point principles. He’s the one who deserves kudos for originally coming up with its principles.

GETTING TO THE POINT (THE BREAK POINT)

One of the Baca’s main revelations was one which had also been hard for me to swallow when it was first taught to me, but is actually true. That is, that several successfully striking bowlers, although each may be using a different line, will nevertheless *all have the same break point on the same lane!* So if one bowler is using a deep inside line, the second one a mid-lane line and the third points the ball from the far outside, a ‘down-and-in’ shot, the successful break point will be the same for all (see illustration 1).

Difficult though it may be to believe at first, this turns out to be oh so true in actual play! The reason? The strike creating break point on a given lane bed is actually determined *by the lane condition, not the bowler’s lane play area!*

Notice that in illustration 1 the balls of all three players, regardless of which part of the lane they play, *have virtually the same break point to pocket!* Just another reason for the importance of break point targeting.

REACHING FOR IMPROVEMENT

Baca also pointed out that one of the reasons some bowlers reject the principles of break point targeting, is that they perceive it as a major change, and they’d rather stay in their “comfort zone”. We’ve discussed this defeatist attitude before. To succeed, bowlers must be willing to *stretch their comfort zone*...not to hide in it! This is true in all sports!

But there are legitimate reasons some bowlers have initial difficulty utilizing break point principles. Some find it difficult to visualize a target so far down lane. We’ll explain how to overcome this. Since there are always several possible break points that will get ball to pocket, some bowlers just flat don’t understand that every such break point may not be the one which will get the strike. It must be remembered that you didn’t necessarily get robbed if a pocket hit didn’t strike. Just hitting the pocket is no guarantee.

Then there are those who don’t realize what was just mentioned above...that the location of the optimum break point which will create the strike is *not* determined by which line the bowler happens to be using...*but by the lane condition!* So that when the lanes change, *that break point also changes*...and the bowler must be aware of that.

THE HOW TO...THE TARGET METHOD

Here’s how I teach this targeting concept: It’s obviously more difficult to hit a target in the break point area (approximately 35 or 45 feet away) than 14 feet out where the arrows are. The fact that most lane beds have no markings at that distance makes it even tougher. One way to make it easier is to visualize a target at that distance. Another, is to provide a target *area* rather than expecting to hit a specific board so far away. So I created an imaginary square, 6 boards wide and deep (about 6 ½ inches) to be visualized at the intended break point. This larger area is easier to get the ball into. That was (and is) the target (see illustration 2).

As with any target, the bulls eye is in the center, a one board wide dot which will gain the highest strike percentage. Getting the ball farther away from the center will yield a lower percentage of strikes, but anywhere within that target will always score better than missing it altogether. Obviously, if the bowler has chosen the wrong break point area for the condition, that break point could be hit all day long and still not score well, even though the ball may find the pocket.

FINDING THE OPTIMUM BREAK POINT

Think about this for a moment. Since the optimum break point’s location depends on the lane condition, doesn’t this mean that if one or more bowlers on a given lane are striking consistently they must have found that break point? Of course! This means that by merely watching for the location of their break point, yours will be the same as theirs on that lane. So...”going to school” on the consistent strike shooters is the easiest way to discover your break point! Virtually all winning professionals use this going to school technique. It is especially rewarding in tournaments, where you move to the next pair after each game.

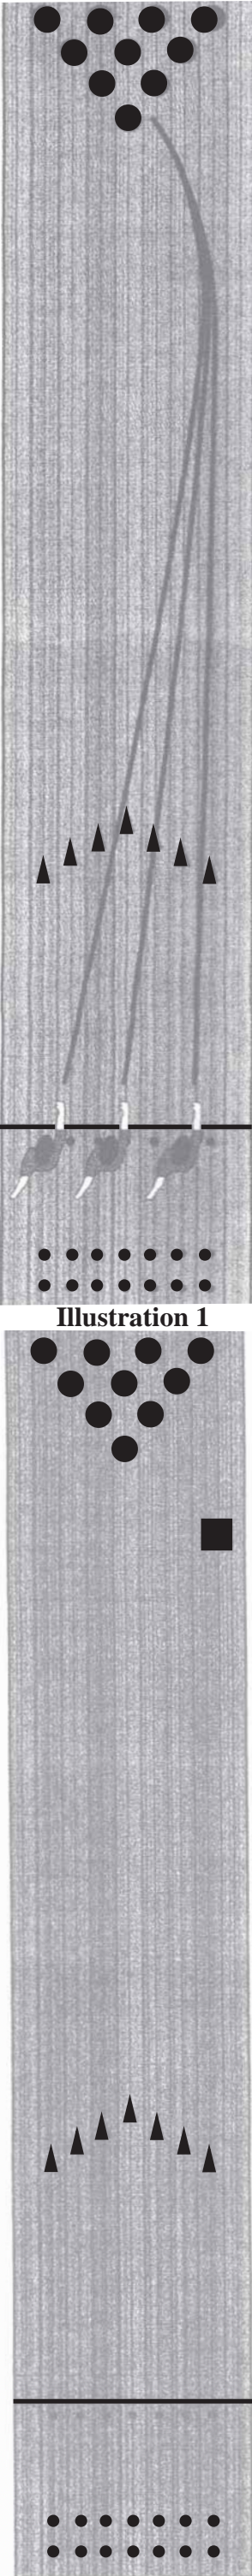

Illustration 1

Illustration 2

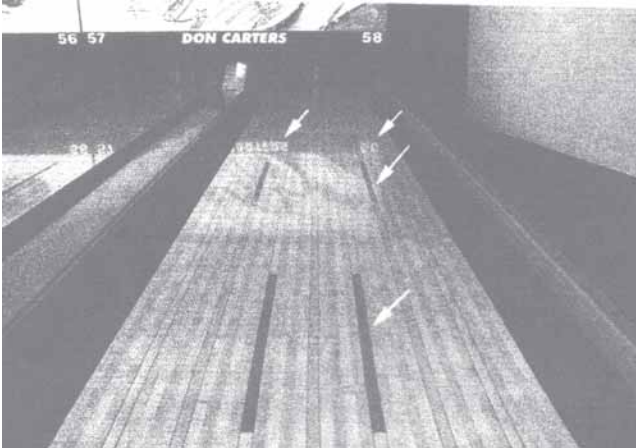

Illustration 3

The other way takes a bit longer, but is just as successful. Test shots to find the line is always a good start. That knowledge is a short cut to finding the best starting position and launch angle, which will get your ball to the pocket without over skidding or rolling out. Remember...*how* the ball hits the pocket is critical. And hitting the break point is the best way!

Remember, the most important single trait in bowling; *repeatability!* This never changes! Without it nobody can be accurate enough to be successful, especially in break point bowling. So practice accuracy.

Break point tageting can become your savior, especially in tough lane conditions. Why? Because getting your ball to that optimum target eliminates the lane condition from the picture.

MAKING IT EASIER

The new Brunswick(R) AnvilPro™ lanes feature a cleverly thought out aid for targeting break points. Target strips are imprinted into the surface down lane in the general area where balls usually reach their break point. These are called RANGEFINDERS and there are four of them. They are light brown, making them easier to see. Each is 36 inches long and one board wide. They are strategically placed as follows (see illustration 3): The two closest ones to the bowler are on the 15 boards (one each on the left and right sides). They run from 34 feet to 37 feet down lane. The two more distant ones are each on the 10 board (also right and left sides) and run from 40 to 43 feet down lane.

Think of these markings sort of like landmarks to identify an *area* into which to place your break point target. They are aptly called Rangefinders. They make it so much easier to locate your break point. Who knows? If they’re smart, other manufacturers may follow suit with similar sight points down lane.

STILL SKEPTICAL?

In 1994, Norm Duke, still one of the greatest champions today after about 24 years on the tour, said that after years of learning how to read a lane he could now use break point targeting and throw the shot *the lane wants!*

Once Gary Dickinson, one of the winningest senior tour players ever, when asked why he was watching players on the next pair of lanes, said he was watching the highest scoring bowlers to find out where their break point was.

He found out. He won the tournament.

LAS VEGAS TRAVEL LEAGUE

By Alice Meglemre

ANAHEIM—The Vegas league returned to Linbrook Bowl for the final time this season and, as usual, Shirley was at the control desk to take good care of us.

Lots of hot coffee to take the chill of the morning and nine subs present to bowl for absentees. Monday was the start of the second round.

Dot Nelson was welcomed back after being sidelined a couple of months to recover from major surgery and reports from others still out of action is good so we are hopeful everybody will be back before the league ends in March.

Tracy Koolmees led scoring news with the 4-6-7-10 splitacular, which will earn a USBC award, and Katrena Whitmore had 225-582 to top the honor roll.Aresia McGee had 203-554, followed by Teri Hefner 201-548, Doris Lewis 544, Jamie Vallier 203-539, Carol Brown 517, Bonnie Everitt 204-507, Nancy Soto 505, Vi Wilson 203-502, Cil Moons 502 and Ann Fedderly 226.

The top ten of the 16-team league starred Cal Bowl B with 35.2 wins, followed by Rossmoor B and Cerritos, 31; Del Rio A and Keystone A, 27.2; Cal Bowl E, 27; Del Rio A and Keystone B, 26; Westmionster B, 25.2 and Del Rio B, 22.

NEXT WEEK: Cerritos Lanes, 10 a.m. Monday, December 5. The league wil bowl on newly installed lanes and hopefully do better than our last trip there.

Reminder: Vegas payment due December 12.

DOWNEY—The Bowling News thanks Randy Myers for the great stories he has written so far this season. Luckily for HIM, he had way too many customers in his pro shop to write his column. We look forward to his works of witticism next week.

So, for this week, some of the big guns have escaped having their two digit games revealed. As I looked over the re-caps from Monday nights battle — one piece of data was noticeable. Guys who “own, work, or hang out” in pro shops were among the lowest scorers. You just can’t out think a crappy shot!!

But fellows, we have to admire your determination. The team that wins this round has the same chance of winning the final rolloff as the team who won on the easy round. Maybe better.

SO. CALIF. DEAF BOWLING NEWS

Jones Back To Lead With 809 In Deaf Travel At West Covina
by Connie Marchione

WEST COVINA...At Brunswick West Covina Lanes lefty Bob Jones led So. Calif. Deaf Travel League’s honor roll list for the 4th time in 6 sessions with a 809. Jones rolled 180-186-239-205 and teammate John Sherwood 207/712 as their S. F. Valley rallied in 3rd and 4th games to beat the league leader South Bay 11 - 9 in the position round.

Leader South Bay with Pablo Yoma missing an 800 by 9 pins with 223-195-203-170/791 and Don Millwee 201/707, lost some ground but still led by 5 points. Third place El Camino Village bounced back with a 16.5 points win over Riverside to tie S. F. Valley for 2nd place. Village had Darrell Stogryn’s 802 from 225-155-203-219 and a surprise 717 by Mirna Aranki who has a 140 average and rolled games of 200-192-145-180. Ed Abakumoff had 202/726 for Riverside which fell to 5th place.

Village also blasted off with a bang, making the season high team game 627 with Mirna’s 200, Paul Taffolla’s 202 and Stogryn’s 225. They finished with a 2206, six pins short of S.F. Valley’s season high series 2212 made in the last session. S. F. Valley also broke the former team high game with 614 in third game from Sherwood’s 207, Jim Mohr’s 168 and Jones’ 239.

Hollywood moved up to 4th place by taking 13.5 points from Los Angeles. Hollywood’s Rick Pennington’s 213 and 4 points each from Sharon Caldwell, absent Dan Flores’ 175 average and team games overcame Los Angeles’ Andy Lorenzo’s fine shooting (212-202) 766 series.

This 46 years old traveling league thanks GM Don Knuesel and his Brunswick West Covina staff for hosting our league for the past several years. With the league’s vote to bowl just once in the month of December to give its bowlers more free week-end time to do holiday shopping, the only next bowling date is Sunday December 11 at AMF Bowling Square Lanes in Arcadia.

ABAKUMOFF HITS ANOTHER 290 GAME AT MORENO VALLEY BOWL

MORENO VALLEY...Ed Abakumoff collected some ABC’s 11 in Row plaques and he claimed that he hit his first one for this season last Wednesday Nov. 16 in Moreno Valley Bowl’s Major Singles League. He said it will be something different and his first.

How so? There will be same 11 in Row plaques for 290 games, we asked him and he said, ABC is no more and it will be his first one from USBC. Oh!

This Riverside righthander, a two time member of Deaf Team USA has more 290 games than 300s. I kidded him by asking why he kept on that doing stupid thing. To make a perfect game, you gotta get a strike in the first frame.

Gerald Kennedy Wins ABT Orange County Thanksgiving Weekend Title at Westminster Lanes

WESTMINSTER—Gerald Kennedy won three straight matches in the top 8 single elimination finals to win the Amateur Bowlers Tour (ABT) Orange County Branch Thanksgiving Day Weekend Championship at Westminster Lanes last Sunday, November 27, 2005. It was the conclusion of a special 3 day tournament where the Classic Division and the Masters Division bowl together with a special handicap system of 80% of 225 for these three days with qualifying on Friday and Saturday, and two special entry squads on Sunday (with 1-in-5 entries added to the semi's from each squad), then a 3 game Semifinals followed by a top 8 single elimination Finals. Gerald won \$1,500 for 1st place and a new ABT Championship shirt for this win.

Scoring was relatively low as we saw a plus +65 make the Semi's for the squads on Friday and plus +60 make the Semi's from the squads on Saturday. On Sunday's first squad, it was a low plus+49 cut score, but scoring increased on the 2PM squad with a cut score of plus+80 being the low score added to the Semifinals from the special entry squad. Scoring was relatively consistent with a plus +70 required to make the Top 8 Finals. Our Finals started with Dino Reyes defeating Teddy Junanto 232 to 188 with handicap; Gerald Kennedy defeated Veronica Boone 229 to 173 with handicap; David Barsch defeated Terry Hlebasko 242 to 187 with handicap; and John Grieco Sr. defeating Ed Palma 209 to 194 with handicap. In our next matches, Gerald Kennedy defeated Dino Reyes 232 to 184 with handicap; and David Barsch defeated John Grieco Sr. by a score of 236 to 228 with handicap. In our Final match David Barsch couldn't match the consistency of Gerald, and he started to miss spares he was picking up in earlier matches. David fell to Gerald with a score of 251 to 188 with handicap.

Our newest Champion, Gerald Kennedy, is 66 years old and married to Mary. They have two grown daughters, Katherine and Karen. He is retired and enjoys every minute of it. Gerald has been bowling for 18 years (about 9 years as an ABT member) and is a six time ABT champion. He sports a high game of 278 and a 680 high series. He currently does his league bowling at Bruns. Rossmoor Bowl and was using a new Storm Vertigo bowling ball drilled by Butch Maxwell at Westminster Bowling Supply. Gerald would like to thank his wife Mary for all her love and support, and also Al Logue at Rossmoor Bowl for all the good instruction he gets in the Practice Perfect League. He would also like to thank the ABT for running a fair and competitive tournament. He thanks the ABT, Mike Jacoby and Bob Turner of Westminster Lanes for also putting out a fair but demanding lane condition to test the bowlers this weekend. In closing, he wanted to say Thank You to all the ABT members that bowled for having such good sportsmanship and for their support this weekend.

The Winner of our optional Scratch Sweeper was Scot Maxwell with a 870 four game scratch

series. Scot won \$250 dollars for his \$20 dollar investment. We will continue to offer the Optional Scratch Sweeper at all our Classic/Master Combined Tournament events.

During our Semifinal meeting our high qualifiers drew the Mystery Score Pot of Gold game number and scores. Game #4 and 116 was drawn as the 1st chance score (possibly good for \$500). There was no winner. The 2nd chance score was 121 in game #4 (possibly good for \$250). There was no winner. The 3rd chance score was 249 with handicap in game #4. We had one bowler, Victor Copeland, that shot 249 with handicap in game #4, so he got the \$125 from the Mystery Pot. Remember, the Mystery Pot of Gold is available to all members (Classic and Masters) and only costs \$5 for a chance at \$500.

Our high qualifier on Friday, Terry Hlebasko, received the Storm bowling ball of his choice for his efforts on Friday. Saturday's high qualifier, Theresa Maloles, also received a Storm bowling ball for being the highest score on Saturday. We had an embroidered shirt raffle on each day, and the winners were: Friday-Donnie Johnson Jr., Saturday- Don Boaz, and Sunday-Rick Niedermayer. The winners of our Storm towel drawing were Brian Yoshida and Ed Abarca. Congratulations to all our winners!

The early bird applications are now available for the ABT/Storm Spring National Tournament scheduled for March 28-April 2, 2006 at Sam's Town in Las Vegas. The Classic Division is paying **\$40,000 for first place** (plus a Progressive Pot) and the Masters Division will offer a \$10,000 first place with full Progressive Pot based on 300 entries. Last years Classic Division winner won \$52,000 with Progressive Pot. The deadline for entries is March 18, 2006. Please call us at (714) 898-7874 for more information or entry applications. Now is also the time to order additional shirts with your name and ABT logo embroidered on them. You must have your name and ABT logo on your shirt to participate in the ABT/Storm Spring National Tournament. **ABT-2 Embroidery** has many shirts specially priced for you to take to the ABT/Storm Spring National Tournament in Las Vegas. Prices start **as low as \$10** for a shirt with your name embroidered on the back and an ABT logo. Just call (714) 898-7874 for more information.

The Amateur Bowlers Tour staff and membership would like to thank Westminster Lanes Owner-Mike Jacoby, Manager-Bob Turner, and rest of the fine staff at Westminster Lanes for hosting our tournament this weekend. Our next scheduled event will be this Saturday, December 3, 2005 at Cal Bowl in Lakewood. This will be a 4 game Beat-the-Board event. Special Squad times are at 1PM, 3PM, and 5PM only. We will offer a possible \$1,500 first place with Win, Place, & Show Pot and 125 entries, and a minimum Guaranteed first place of \$800 for only a **\$50 entry fee**. We hope to see you this Saturday at Cal Bowl in Lakewood, California.

My New Five Dollar Red Coca Cola(c) Ball

by Jane Bailey

CWBA Tournamaent, May 2005 and what a wonderful two days of bowling for me with my newly drilled red Coca Cola(c) ball. It all started with the first game of 171 in my team event followed with 185 and 162 for a series of 514. First time I'd used the five dollar ball and I was amazed because my average had gone down last season.

Then in doubles my Coca Cola(c) ball performed so well I had a 584 series with a 190, 192 and 202 which resulted in winning that coveted CWBA tournament 200 pin, 125 over series game WIBC patch and with my partner a high doubles game. I slowed a bit in my singles with games of 158, 163 and 153 for 474 and for All Events a total of 1576. I was walking on air.

Read on, for you need to know how I was lucky enough to have this Red Coca Cola(c) ball.

Everyone in my family has bowled on a league at sometime in the past. My Dad taught me, my brothers, sister and Mother to bowl. Dad bowled for many years and always enjoyed watching me bowl when they visited us. The family all know how much I have enjoyed my bowling and all the volunteer work I have put into bowling.

My brother Ted, who lives in Florida, went to a garage sale and found this REE COCA COLA(c) BALL. It immediately struck him as something special because I am an avid Coke drinker as well as an avid bowler. He thought it was made just for for me and hoped it was the right weight. He asked why the woman was selling a brand new ball and she told him she had won the ball in a Coca Cola(c) Tournament a year ago but had never had it drilled. Ted bought the ball for me and he paid just \$5.00, a super special purchase.

When Ted gave me the ball I was thrilled and amazed. I put the ball in my duffle bag, stuffed my clothes around it and flew it home to California where it will be with me forever.

I've since bowled in the CWBA Senior Tournament with my red Coca Cola(c) Ball and it is still working well. After starting with a 442 series we changed lanes and I improved for a 514 series. We had a great time and are looking forward to more fun on the lanes.

Keep looking for the garage sales and for \$5.00 you may get as lucky as I have been. Great shopping. Better bowling and keep striking.

Lawrence Overpowers the Field at Westminster Fukumizu Just Shy Of Perfect With 299

by David Yamauchi
WESTMINSTER—The JAT made a trip down south to Orange County and Westminster Lanes. The Open Division was 24 bowlers strong as they took on the lanes Sunday morning.

Qualifying started out scorching with Tyler Hirashima 268, and on the same pair Jeff Spiesman, Preston Fukumizu and Will Jackson went 256 triplicate to pace the field. Scoring went up and down with Brian Leseberg steady as a rock and finishing strong with a 258 game to lock up top-seed. Jared Lawrence got hot stringing 11 for a 290 in game 4 followed by 277 in game 6 to bump him to second seed. Preston followed his 256 with a 276 in game 5 and slotted in the three-spot. Mason Sherman was 4th at +81 followed by Matt Jones in 5th at +81 and Chris Fritsch remained hot seeded 6th at +78. Most impressive might have been Dayton Crossley whose 139 start put him in the cellar but determination and games of 279 in game 4 and 280 in game 5 found him in the seven-seed spot. Will Jackson rounded out the top-8 qualifiers at +62 fending off alternate Caycee Landers whose 277 finish left her just 4 pins shy at +58.

In the round of eight, top-seed Brian Leseberg met 8th seed Will Jackson. Leseberg took the match in three 229-180, 189-229, 189-181. 2nd seed Jared Lawrence dismissed Dayton Crossley in two, 192-190, 234-222. 3rd seed Preston Fukumizu lit up the crowd with a 299 in his first match, but then fell to 6th seed Chris Fritsch in three 172-299, 222-178, 201-178. In the final match, 4th seed Mason Sherman took three games to eliminate 5th seed Matt Jones 242-198, 169-242, 266-144.

In the semifinal matches, top-seed Brian Leseberg took on 4th seed Mason Sherman. Sherman never looked comfortable on the drying pair and Brian took him out in two 246-187, 208-168. On the other bracket, 2nd seed Jared Lawrence took on 6th seed Chris Fritsch. Jared stayed hot and even though he fell in the second game he took the match in three 226-155, 186-189, 258-208. This set up a final match of the #1 and #2 seeds for the title. In the first game, Jared got lined up and was striking up a storm taking the early lead 278-202. The next match came down to the 10th frame and the tournament leader came through big throwing strikes in the 10th and 11th to take game two 257-255. The final match was just as equally paced but in the end it was Jared Lawrence beating Brian for the title 224-215. Congratulations Jared!

The JAT will be at Action Lanes this Sunday for tournament action. \$35 entry fee- we will be using the new format once again. Hope to see you all out on the lanes!

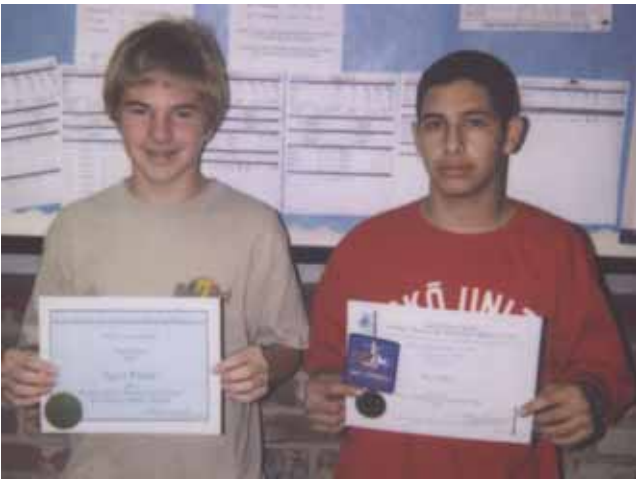

Champion Jared Lawrence and 2nd Place Brian Leseberg

Round TWO!

by Matt Harris
MONTEBELLO—Hello everybody! These last couple of weeks, the GLAJAS has taken the floor to start the beginning of the 2nd round. First, we took a trip to AMF Beverly Lanes in Montebello and scoring like usual was lights out. Leading the session once more was Devin “The G” Bidwell firing games of 237-245-268\987. Right behind him, we had a couple of big runs as Mr. Jones stoned a 10 Pin after 10 in a row 289-217-254\973, and moments later on the next lane, Ryan Aguilar gave us something to watch until leaving a 10 in the 11th frame 289-212-252\962. Good bowling guys.

Other reportable scores where: Dean Nishijima 265-220\899, Kevin Valmonte 252-232\894, Samantha Jimenez 248-224\892, Preston Fukumizu 235-224\858, Brian Gonzales 224-219\856, Will Jackson 236-215\841, Natalie Jimenez 217-214, Matt Harris 215-206, Matt Cormack 220, and also subs Matt House 267 and Jeremy Glover 235-202.

The following Sunday, we took the floor at Westminster Lanes following JAT. Despite the fried lanes, Samantha Jimenez managed to put together a 234-226\852 to lead the session, while not to far behind, was Brian Gonzales posting up 246-222\831. Other high scores were: Preston Fukufivecount 225-208\803, Devin Bidwell 214-211\811, and Matthew Jones 212-205\811. In the team standings; our first round winners kidzministry.org continues their streak by taking 15 from Keystone Lanes despite Will’s big 99 game :, then also loading up the points was La Habra 300 who took 15 from Team 1, next we seen Tri-Star Vending split and took 8 along with Team 5, and finally we seen the Professional Approach squeezed 9 out of Pin Point.

After 3 sessions, it’s still early and anyone can grab this round. We meet up at Action Lanes in El Monte following JAT this Sunday. Hope everyone enjoyed Turkey day and see you soon.

Girls Jr. All-Stars & SED Jr. Travel

by David Gordon
MONROVIA — Hello bowlers and I hope you all had a very good Thanksgiving holiday. This is just a quick reminder to get you back into the swing of things.

Both the Girls Jr. All-Stars and SED Jr. Travel will resume their schedule this weekend. SED will be over at AMF Friendly Hills on Saturday at 2:00 and the Girls will be at Action Lanes on Sunday at 2:00, following the JAT tournament. If you are not going to make the session this weekend, please give me a call as soon as possible.

Also a reminder to the Girls Jr. All-Stars, that we are now in full team dress code, so don’t forget those new shirts and get with your teammate for the matching bottoms.

Lastly, both leagues are returning to the lanes with a little extra incentive. Your scores this weekend will go towards your Bowl-A-Thon fund-raiser. Remember to bring in your cards and any money already collected. The information from the cards will be recorded and returned to you at the end of the session.

Therefore, get in your practice and get rid of that turkey feast. It’s time to get back to where the action is. I’ll see you this weekend.

P.S. Anibel, thanks for the league sheets and letter.
Carol Mancini

High Scoring Forest Lanes 610 Scratch Loop Bowls Tonight

LAKE FOREST — Forest Lanes’ high scoring Scratch 610 League resumes action tonight (Thursday) after last week’s holiday.

League Director Mario Marquez says the loop has many of Orange County’s stellar keggers performing. He invites the bowling public to visit the newly refurbished 40-lane center and watch them compete.

The current leaders, Team 13, Steve Zimmerman, Scott Churhfield and Danny “300” Wilson will battle Team 11 composed of Ashcan Tahnildaran, Gene Plotkin and Jeff Carr on lanes 29-30 to keep their spot.

For more league information call 949-770-0055.

SEDYLT

by Otha Stubblefield
I hope and PRAY that everyone had a better Thanksgiving than I did, but more on that later. Our pre-Turkey competition was held at Gardena Bowl.

We only caught a few people napping, but just as a reminder for the next time, WE MUST START AT 1:30 FOR GARDENA.

Scoring leader was indigenous bowler Brent Shern with a 916. His high game for the set was a 266. That’s good house bowling. Next was another house bowler, Brandon Pekins who impressed us with an 865 and 255 high game.

Next was our two favorite subs (Jeremy really should do his homework) William Jackson 279/865 and Dean Nishijima 244/858. We had a few more 800’s from James (I shot one for 3) Bael at 236/849, Mikey (I thought we started at 2) Helferstay at 256/836, Dictator Crossley 235/821 and Rashad Sandridge 231/813. 200 shoo...in was done by Justin Eubanks 233, Travon Martin 223, John Mc Cullin 221, Cory Koyanagi 219, Jeff del Mar 204 and Darren Hawkins 201.

I wanna shout out to our special guests Brittney Bryant, William, Teddie Carter, Dean and Kevin Valmonte. Thanks for the support. You guys averaged 192 for the week. It was nice to see Scholar-brackets, again. Winners this week were Brandon, James and William for \$14, and Cory, Mikey and Jeff for \$7 each. Let me also take this time to thank those of you who came to my annual Thanksgiving No-Tap at Southwest. John Mc Cullin edged out Jeremy by 3 pins to win his division and a \$50 scholarship. This week we will be at Premiere. Bowling starts at 2:00, but if everyone is there early, we can start early.

Finally, my very best friend in the whole world, my father, Otha Stubblefield, passed away this past Saturday. He bowled for many, many years at Southwest, Manchester-Western and Missile. If it were not from him, I probably would not have gotten into bowling and not have met so many wonderful people...including all of you! Hope to see you on Saturday!

LEGENDS OF BOWLING

by Don Cecil
NORWALK — Isn’t the P.B.A. Tour great to watch again? Plus, ESPN is running all the old P.B.A. and Senior tournaments every morning at 10:00 a.m. For old timers like me it’s like a walk down memory lane each morning.

Lets you and me take a walk down a Southern California memory lane. Here are names of guys that jog my pictures of the past. Hank Lauman, Tommy Oscalzo (?who?), Max Gardens, Frank Del Conte, Hoss Yomtob, Al Tobes, Ralph Smith, Ray Wren, Sock Hill (who I worked for at Luxor Bowl), Jerry Morriset, Charles Zimmer, Ernie Soest, Tommy Young, Bugs Justice, Pete Porter, Eddie Harnett, Kenny Bayer, Roy Pinchback, The Hopping Brothers, Ted Liebel, Les Green, Ray Kohler, Leo Qualiotto, Jimmy Vaughn and Ace Vaughn. If you are under age 50, ask your dad about these great bowlers (and everyone says I can’t remember).

God Bless, Good Night and Go Bowling.

Jeff Garrison

Strikes Out,

Wins Forest

Lanes Title

LAKE FOREST — Former major league pitcher Jeff Garrison had a bad inning or two, 171 game, and had to strike out to win Forest Lanes' 1:00 p.m. Saturday 6-Gamer title and \$360.

Paul Danforth second \$160 and Tim Gibson third for \$65.

Mario Marquez commented, "The top finishers posted good size deuces to cash. It looked bad for Jeff; he walked a few the first game but got strikes when he needed them. We paid out \$600; \$300 on top, \$100 second and \$50 third."

Sidepots were worth \$30 per block and \$15 each game.

After the 171 game, Jeff hit games of 254, 269, 258, 204, and 214 for a 1370 total using blocks of 694 and 676.

Danforth opened the second three game block with a 259, fumbled the second game with a 189, came back with a pot-winning 247 and a 1320 series on blocks of 625 and 695.

Gibson came out of the box swinging a strong ball for a pot winning 225 and 651 series. The second block, Gibson needed an extra strike losing by 11 pins to Danforth's 259. His total was 1250.
